Application for Portable Storage Units

Criteria

As per Land Development Code, Section 250129(7), portable storage units shall be permitted only in single family, duplex and multi-family zoning residential districts subject to review.

- The portable storage unit shall be placed in the driveway and be setback at least ten (10) feet from the front property line (**attach drawing of the unit on a survey or aerial shot of the property with dimensions**).
- The total aggregate square footage of the unit(s) shall not exceed 130 square feet.
- Signage is prohibited on the portable storage unit.
- No portable storage unit shall remain at a site in excess of ten (10) consecutive days once (1) within a year, or five (5) consecutive days twice (2) within in a year.
- All portable storage units shall be removed from the property upon issuance of a hurricane warning.
- Permit is required to be placed in clear weather proof pouch that is visible to the street.
- **Submit this application and the drawing of the unit's location to zoning@coralsprings.gov**
